The Final Week - Boundless: Transitions at the A.P.T. Gallery

We are through to the final week of the **'Boundless: Transitions'** exhibition at A.P.T. Gallery. So far, daily guided tours through the exhibition have been enjoyed by dozens of visitors, our Arts Trail has been embraced by local partners like The Albany Theatre, Deptford Library, Cockpit Studios, Deptford Does Art, a number of hair salons, barbers and the Birds Nest Pub!

Visitors to the exhibition local and international, from as far away as Honolulu, have given glowing feedback about their experiences.

"a wonderful show... your work is stunning!"

We hosted the first of four panel discussions, exploring Urban Environments in the context of Transitions & Diaspora on 7th October

followed by a presentation by Dr Juanita Cox on the Windrush Generation's oral histories on 14 October.

Our second panel discussion 'The Future of Exhibiting' was held on 19th October and live-streamed. Both of our panel discussions will be uploaded on YouTube shortly.

"the most interesting exhibition I have seen at this gallery"

The remaining week of A-Maze's time in Deptford is jam-packed with events, and we cannot wait to see you there.

GREEN WINGS PROJECT: PIONEERING SUSTAINABILITY AND SOCIETAL HARMONY

In an era where the critical issues of climate change and environmental sustainability have taken centre stage, "Green Wings Project" focuses on the intricate interplay between our environment and the social fabric of our communities. As we confront the challenges of the 21st century, it's increasingly apparent that addressing environmental crises necessitates a holistic approach that transcends conventional boundaries.

Disposable electronic products have become ubiquitous in our daily lives, offering convenience but also imposing growing environmental pressures. Electronic waste is now an overwhelming presence in our surroundings. Amid the mounting piles of electronic waste, there is an urgent need to discover sustainable development and recycling solutions. Enter Green Wings Project (GWP), a proactive initiative committed to identifying scientifically sound and effective methods for safely recycling disposable electronic products.

Green Wings Project (GWP) proudly sponsors the 'Boundless: Transitions Exhibition,' a project by the A-MAZE ARTISTS COLLECTIVE, hosted at A.P.T. GALLERY from October 5th to 29th, 2023. This immersive multi-media exhibition encompasses live and streamed satellite events, panel discussions, guided tours, school presentations, and an interactive local arts trail. The project delves into interconnected environmental and sociological themes, aligning perfectly with the mission of Green Wings Project."

In an age marked by increased migration and the ongoing growth of diaspora communities, recognizing their role in shaping our world has become paramount. Green Wings Project embraces the diverse perspectives and experiences that migration brings. Through the facilitation of dialogue, promotion of cultural exchange, and addressing the unique challenges faced by these communities, the project aims to construct bridges that transcend geographic boundaries. This effort connects us on both a global scale and a local level, as exemplified in its engagement with the Deptford community.
